

Value Proposition Canvas

Gain

- Record how many times you got vaccination to your national ID card, where you got it, when you got the 1st or 2nd time and what type of Vaccine you got.
- Get the standard of Global Vaccination Certification to go around the world.
- Record all the vaccination data that people come to our country and the people who go abroad with WHO and Thai government certification.
- To be able to predict the likelihood of being infected or sick from many disease from a vaccination history.

Pain

- You have to get the paper of Certification everytime when you go outside the country without the global Certify.
- If you lost the paper of Vaccine Passport, you have to waste time for contact and submit more document with the government to get the new one.
- Some countries will not accept your kind of vaccine. Can they believe that your Vaccine passport is effective? Do we have to get another kind of vaccines?
- Wasting time to do the Vaccine passport again and again when you go abroad.
- You have to bring the paper of Vaccine Passport every time to travel. If you lost it, it might be trouble.

**Job: Digital Vaccination Card -
Change the vaccination certificate paper
to Digital Card on your Mobile phone.**

- You can get update your Vaccine information to your ID card e.g. COVID-19 vaccination.
- All Thai people would be certified by the WHO Global Systems.
- It is cross-checking to WHO Database around the world.
- Save time and safety to go abroad.
- Get another vaccine, you will be recorded it to Thai Government System.
- You can print out your Vaccine passport to be a paper if the immigration officer want it check it with KIOSK at the airport same as the boarding pass.

Background

- Due to the COVID-19 pandemic, many countries have announced requirements for immunization with COVID 19 vaccination. As such this could be New regulation and restriction for other vaccines in the future on traveling for many countries.
- We don't have much time to get the vaccine passport all the time when we go abroad.
- All Thai people along the country will get bored to go to the Ministry of Public Health, they are outside Bangkok.

**DEPARTMENT OF DISEASE CONTROL
MINISTRY OF PUBLIC HEALTH
THAILAND**

**COVID-19 CERTIFICATE
OF VACCINATION**

2021-03-000001

Issue to.....

Back to 'Basics' Idea of this project – 8W 2H

If such the systems were developed,
the benefits to Thai people would be immense.

To whom – ประโยชน์ไปถึงใคร

Major: All Thai people who want to get the certification on their ID Card that are related to Thai Government. They can sync all information to 'WHO' and many countries around the world.
Minor: The Foreigners who want to travel to Thailand, bring our economy back.

Whose - ใครเป็นเจ้าของ

Corporation of WHO, Thai Government and all the people.

What - ทำแล้วได้อะไร

Many countries got the problem with the expiration of Vaccines and some vaccine are unacceptable to their country. This method will help all the solutions that people can travel around the world with this 'Digital Vaccination Card'.

When – เมื่อไหร่จะทำ

Immediately if Thai Government say 'Yes'.

Where – ปัญหาคือที่ไหน

Thai politics is very complicated, the statistics of Thai Death is increasing everyday. We are still waiting for Vaccine without doing our Certificate to help our country. Many Official Thai ministry won't work together because of politics.

Why - ทำทำไม

If we don't plan to do, it will affect to all Thai people and the foreigners who want to travel soon. We should be aware of many people who won't have the Vaccine Certificate', they might bring 'the new COVID-19 species to our country.

How much - ใช้เงินเท่าไร

It might approximately use around 15 to 20 million Baht to operate the system.

How many - ใช้คนเท่าไร

20 Ministries could work together if we got the same direction.

Which - ใช้อะไรเป็นเครื่องมือ

Hardware, Software and WHO Protocols.
